**Cena: 267 900,- bez DPH**

Cena je včetně Coldbrew firmware, driptray a termosky Zojirushi 2,5l  
Cena zahrnuje instalaci a zaškolení.

# HIPSTER ACCESSORIES

– THE DEVELOPMENT WORK HAS BEEN GOING ON FOR TWO YEARS AND IT IS GREAT TO FINALLY BE ABLE TO PRESENT THIS NEWS. IT IS A RESULT OF OUR AMBITION TO SECURE THE GOOD FLAVOUR, AND WILL LEAD TO MORE PEOPLE DRINKING A BETTER TASTING COFFEE. THIS WILL STRENGTHEN OUR POSITION ON THE MARKET IN SWEDEN AS WELL AS INTERNATIONALLY, AND WILL HOPEFULLY LEAD TO MORE AND NEW BUSINESS, SAYS **LARS APPELQVIST, CEO AT LÖFBERGS.**

#### **METICULOUS CONTROL**

THE INNOVATION HAS BEEN NAMED CPA (COFFEE PARTICLE ANALYZER), AND IS THE FIRST MEASURING INSTRUMENT IN THE WORLD THAT METICULOUSLY CAN CONTROL THE GRINDING FINENESS DIRECTLY AT COFFEE SHOPS, RESTAURANTS AND OTHER LOCATIONS.

– ALMOST EVERYTHING EXCEPT THE GRINDING FINENESS HAS BEEN CONTROLLED WITH METICULOUS MEASUREMENTS BEFORE. WHEN IT COMES TO GRINDING FINENESS, WE HAVE TRUSTED MANUAL ASSESSMENTS AND OUR INSTINCTS. WITH CPA, YOU WILL NOT HAVE TO GUESS, SAYS **ANDERS ERIKSSON, CEO AT 3TEMP.**

ANOTHER ADVANTAGE IS THAT COMPANIES AND ORGANISATIONS WITH UNITS IN DIFFERENT PLACES OR DIFFERENT COUNTRIES CAN MAKE SURE THAT THE FLAVOUR IS JUST AS GOOD EVERYWHERE.

#### **AFFECTS THE FLAVOUR**

THE GRINDING FINENESS IS ONE OF THE FACTORS THAT AFFECT THE FLAVOUR THE MOST. IF THE GRINDER GRINDS TOO COARSE, THE WATER WILL RUN THROUGH TOO QUICKLY AND THE COFFEE WILL BE PERCEIVED AS WEAK. IF THE GRINDER GRINDS TOO FINE, THE EXTRACTION TIME WILL BE TOO LONG AND THE COFFEE WILL BE PERCEIVED AS BITTER OR ACID.

**28**

– WHEN THE FLAVOUR IS NOT QUITE THERE, IT IS NOT UNUSUAL THAT YOU CHANGE THE DOSAGE MANUALLY.

YOU OFTEN USE MORE COFFEE THAN INTENDED. SO, THERE ARE FINANCIAL AND ENVIRONMENTAL ADVANTAGES

WITH CPA TOO, SAYS **ANDERS ERIKSSON.**

#### **HOW DOES CPA WORK?**

WELL, IT IS AN OPTICAL MEASURING INSTRUMENT WITH A WIRELESS CONNECTION TO A SMARTPHONE, A

TABLET OR A COMPUTER. TAKE A SMALL SAMPLE OF THE GROUND COFFEE FROM THE GRINDER AND PLACE IT

IN THE GAUGE. A FEW SECONDS LATER YOU WILL HAVE AN EXACT RESULT ON YOUR SCREEN. THE RESULT CONFIRMS

THAT EVERYTHING WORKS AS IT SHOULD OR WHICH ADJUSTMENTS THAT ARE REQUIRED FOR THE COFFEE

TO TASTE AS INTENDED.
